

Myponga Trestle Bridges

The Myponga Reserve is a reservoir in South Australia about 60km south of Adelaide. It provides about 5% of the City of Adelaide's water supply. As part of the rejuvenation of access for personnel to maintain the pipeline, SA Water deemed that the deteriorated and unsafe wooden walkway needed to be replaced.

Project Challenges

- Large spans between the trestles.
- Walkway had to be installed 10m above ground level.
- Panels had to be trimmed to exact size.
- Panels had to be lightweight and easy to handle to address manoeuvrability constraints on the trestles.
